NEW GOODS.

J. M. COOK & Co. would

respectfully inform their Friends

and the public, that they have opened a

Store No. 132, Thames st. for the sale of

ANNIVERSARIES.

ANNIVERSARIES AT NEW-YORK.

The following abstracts of the Reports of the various Benevolent Societies whose Anniversaries were celebrated at New York week before last, we copy from the Traveler:—

American Seamen's Friend Society.—Some brief abstracts from the report of the Managers were read, and addresses were delivered by several gentlemen. The Society has five direct auxiliaries, located at Boston, Portland, New Orleans, Mobile and New York. The amount received the past year is \$12,292 55; besides this, the Chapel at Havre has been built at an expense of \$10,000; \$5,300 have been expended for the purposes of the Society in Boston; \$600 in Maine, and \$500 by the New York Bethel Society; making a total of \$28,692 55 collected and expended by the Society and its direct auxiliaries. By those not auxiliary, there have been raised and disbursed at New York \$3,500; Philadelphia \$1,500; Baltimore \$1,000; Charleston \$1,000; Savannah \$200; New Bedford \$1000; Boston \$500; and Salem \$850—adding to this the sum appropriated by the American Bethel Society for the operations on the western waters, stated at \$5,000, we have the total amount raised and expended in the United States during the year, \$41,242 55.

American Temperance Union.—The annual report states, what is not usual in benevolent societies, that there is a balance of more than \$300 in the treasury. Five millions in Ireland have signed the pledge of total abstinence, besides many in other parts of the British dominions. The movement among the reformed inebriates in Baltimore, New York, Buffalo, Boston, Augusta, and other parts of the country, has resulted in reclaiming 15,000 drunkards, besides having awakened the whole community. The expenses of the office for the various publications issued is \$10,347.—Last year about 36 million gallons of ardent spirits were manufactured in the United States, while three years ago the quantity was upwards of 72 million gallons.

American Anti-Slavery Society.—The old organization of the Abolitionists, in their report, state the inauspicious circumstances under which the Society assembled. The collisions in its ranks, the alienation in the Executive, and the transfer of the books, plates and apparatus of the Society, amounting to \$10,000, were spoken of as the prominent causes of discouragement. The Society has not, however, yielded to dejection. A new press, the "Anti-Slavery Standard," has been started. The Treasurer's report stated that the receipts of the year at \$6,821 40, and the disbursements at \$8,671 90; leaving in the treasury a balance of \$149 44. Mr. Garrison, in his remarks, stated that he was proud of the detestation in which he knew he was held from one end of the land to the other.

American Foreign Anti-Slavery Society.—The report of the new organization gave a general account of their operations for the past year, which do not appear to have been either very extensive or very successful.—The Anti-Slavery Reporter, the organ of the Society, has been but poorly supported, and all efforts to raise money have failed.

American Tract Society.—The whole amount received last year, was \$98,062— which was all expended, (\$25,000 for foreign distribution.) There are 1162 auxiliary societies. Twenty-six new works have been issued during the year, making the whole number of publications 994. The whole number of publications printed during the year is 4,436,710, making 35,958,500 pages, including 254,710 volumes. Total circulation since the formation of the society, is 59,383,771 publications, including 1,568,150 volumes, making in all, 1,122,252,841 pages. The gratuitous distribution during the year has amounted to nearly \$8000. The society and the various institutions and missions aided, circulate tracts in ninety-three different languages and dialects.

American Home Missionary Society.—The Rev. Milton Badger read the report of the Executive Committee, which was highly satisfactory to the friends of the Institution.—The Treasurer's report presented the following statement:—Balance in the Treasury on 1st May 1840, \$2,278 51; received from Auxiliary Societies and Agents, \$76,538 51; from Life Directors \$735 00; other donations, \$8,140 01; total of receipts, \$87,691 85, being \$7,068 more than last year. Disbursements, \$84,864 06—balance in the Treasury, \$2,827 79.

The number of Missionaries employed the last year was 690, supplying 862 churches.—The whole number added to their churches during the year is 4613.

American Bible Society.—In the course of the Society's labors, nearly 3,000,000 of Bibles and Testaments have been sent forth directly from its depository, and means furnished for publishing not less than 200,000 copies more in Foreign countries, and Foreign tongues. They have been published in five Indian tongues, in seven of those spoken in Europe, in five of those used in Asiatic Turkey, in seven of those of India, in the Chinese, the Hawaiian, the Sandwich Islands, and in the Grebo tongue on the west coast of Africa. Means have also been furnished for the purchase and distribution of the Scriptures in as many as twenty additional tongues—making something like fifty in which they have directly and indirectly gone forth to the world. During the past year 400 individuals have become life members, and 19 auxiliary Societies have been formed. The receipts amount to \$218,800 41, being \$21,505 more than those of the preceding year. The whole number of Bibles and Testaments printed is 166,875—the whole number issued 150,202, being 8,096 less than during the previous year. About \$30,000 have been granted to promote the distribution of the scriptures in foreign parts. The report concludes as follows:—"The above grants of money, (about \$30,000 in all) though by no means meeting all demands, are well calculated to cheer our missionary friends, and fellow laborers, in foreign countries. These friends all feel that as their missions advance, as their pupils and converts are rapidly increasing in numbers, the friends of the Bible cause can all see that means much more liberal than heretofore must be furnished in future. \$50,000 is the least sum which should be provided for the coming year. Will the auxiliaries ponder this fact, and do according to their ability, after furnishing the word of life to those who read it in their respective fields of action?"

A. B. C. F. M.—The receipts of the American Board of Commissioners for Foreign Missions, during the last year, were \$258,457, being much more than the contributions to any other religious or benevolent society in the country.

THE NEWPORT MERCURY.

NEWPORT,
SATURDAY, May 29, 1841.

Extra Session of Congress.

The Extra Session of Congress will commence at Washington on Monday next, the 31st inst.—A great number of members have already arrived, and no doubt a quorum will be formed on the first day.

The President's Message will no doubt be delivered on Tuesday, and we shall receive it on Thursday morning by Steam Boat, in time for insertion in our next paper.

MEMBERS OF CONGRESS.

The New-York Journal of Commerce of Saturday contains a list of all the Senators and Representatives who compose the twenty seventh Congress, designating the politics of each, and the several Whig and Van Buren gains, as they occurred in the elections for Representatives. According to the Journal's account, the Senate at the coming extra session, will stand 29 Whigs to 22 Van Buren men, and there is one vacancy in Tennessee.—Whig majority 7.—The House will be composed of 142 Whigs, and 95 Van Buren men, and there will be five vacancies, viz, two in Pennsylvania and three in Illinois. This is a useful table to preserve for future reference.

Annual Town-Meeting.

The Annual Meeting for the choice of Town-Officers, will be on TUESDAY Next, June 1st.—As many questions important to the interests of the town, will come before the meeting, it is to be hoped that there will be a general attendance of the Freeman.

It is expected that a Law will be passed at this meeting, restraining Cows and Swine from running at large in the highways and streets of the town.

Congressional Elections.

PENNSYLVANIA.—The special election for a member of Congress in the Fayette and Green District to fill the vacancy occasioned by resignation of E. Hook, will take place on the 25th inst. Gen. H. W. Beeson is the V. B. candidate and Alexander Stewart, the Whig candidate. The Election in Mr. Ogle's District, will take place on the 8th of June.

FORTIFICATIONS.—Col. J. G. TOTTEN, Chief Engineer of the United States, inspected the Fortifications in the harbor of Pensacola on the 4th inst. and left the same evening for Mobile and New Orleans, for the purpose of inspecting the other fortifications on the Gulf.

Generals Macomb and Scott, and Col. Bankhead, were at Old Point Comfort on the 21st inst. These officers are a Commission deputed by the War Department to visit Fortress Monroe, for the purpose of trying experiments with the bomb shell.

INDIANS.—About 200 Florida Indians including Wild Cat and his followers arrived at New-Orleans on the 13th inst. on their way to Arkansas.

THE attention of our readers is called to the sale of a splendid Collection of OIL PAINTINGS, by old Masters, to be sold THIS EVENING, at Armory Hall.—They will be found worthy of the lovers of the fine arts.

REVENUE CUTTER Vigilant.—The New-London Advocate of Wednesday last, says that the Revenue Cutter Wolcott is to go to the New York station and that Capt. Mather, her late commander, is to take charge of the Vigilant, at Newport, lately commanded by Capt. Conner.

MORE BURGLARY: Custom House Robbed.—We learn that the Custom House in New Bedford, was entered by false keys on Monday night last and about 15 or 20 dollars stolen. The robber rummaged the papers and ransacked the building pretty thoroughly, but did not get much of a haul. Probably he thought Government money was public property. It is no new thing for Uncle Sam to have his pockets picked. It has often been done before, on a much larger scale.

The fellow, it appeared, had also made an attempt to get into the Post Office, which is in the same building upon the first floor, but did not succeed in opening the door. Near the back door were found a bunch of matches and a lamp.

FROM QUEBEC.—A great number of vessels arrived at Quebec on the 18th and 19th inst., in addition to which the Unicorn Steamer with the mail of the Caledonia passed a hundred sail bound up.—A large number of emigrants had arrived from all parts of the kingdom.

NEW-YORK LEGISLATURE.

The Legislature of New-York adjourned on Wednesday last, after a session of five months, and passing 352 acts and resolves.

The Election Bill, districting the State and reducing the Elections to a day, was lost; the House insisting on inserting a clause repealing the New-York City Registration Bill, and the Senate refusing to concur.

The Pennsylvania Revenue Law.—It is yet undecided whether the Banks of Pennsylvania, or at least a part of them, will agree to the terms of the late revenue law. This law, so far as it concerns the Banks, exacts from them a loan, assessed in certain proportions, according to the amount of their respective capitals—it relieves them, on condition of making this loan, from certain penalties for non-payment of their debts in specie,—and authorizes them to issue notes of the denomination of one and two dollars, to a limited amount.

COMMODORE STEWART.—The "Old Ironsides Club" of the city and county of Philadelphia, have addressed a communication to Commodore Stewart, soliciting permission to present his name to a Democratic National Convention, as a candidate for the office of President of the United States, and requesting a statement of his political principles. The Commodore in reply, consents that his name should be presented in the manner proposed, and gives an outline of his political creed, which the Club, in a series of resolutions, declare to be perfectly satisfactory. He says,—

"I early imbibed an ardent attachment to the doctrines taught by the Sage of Monticello, which has been confirmed by the experience of each succeeding year; and from my first exercise of the elective franchise, down to the present hour, I have unwaveringly contributed my humble aid to promote and maintain the ascendancy of the Democratic party, its principles and candidates."

CASE OF ARSON.

Three men of the crew of the whale ship Audley Clarke of this port, who attempted to sether on fire have been sent home for trial, and arrived in New-York last week. The Courier and Enquirer has the following notice of the affair.

Singular and unprecedented charge.—A trial for "Arson on the High Seas" has never yet taken place before the U. S. Circuit Court for this District, and probably not in the whole United States since the formation of the government.—An instance of the kind has however presented itself. The Brig John Enders, from St. Catharines, arrived on Wednesday, having on board three of the crew of the Whale Ship Audley Clarke, of Newport, who about the 1st of January last, when two days sail from St. Catharines, set fire to the vessel, with the probable attempt to destroy her and thus effect their escape. The vessel was on her outward passage. The names of the accused are Wm. Rankin, Henry Wood and Wm. Maxfield. The two former belonging to Ohio and the latter to New Hampshire. The fire was discovered between decks, fortunately in season for it to be distinguished without material damage to the ship. On the arrival of the vessel at St. Catharines the prisoners were secured, taken into custody by the United States Consul, and by him sent home for trial. The depositions of the crew, and other necessary documents were forwarded to the Department of State. The brig John Enders arrived on Wednesday evening—the prisoners were for the night secured on board the United States ship North Carolina, and were yesterday delivered over to the custody of the U. S. Marshal, who committed them to the Tombs to await examination, which will take place, as soon as the requisite documents arrive from Washington.

The U. S. Army.—According to Mr. Poinsett, the army is in a high state of discipline, and is composed of 10,669 men. The expense for each person in the army in 1837, was \$400 13, and in 1840, \$375 96; showing a reduction of \$24 19, or more than 6 per centum. All the various departments and bureaus connected with the War office are represented to be in excellent condition, and to be as well regulated and efficient as possible. The gross amount of expenditures during the year 1840, was ten millions, being a reduction of more than eight millions from the four preceding years.

Upward of 500 persons have been added to the churches of Wisconsin, by profession, within the past year. In a late report on the state of religion in that territory, it is said, "Never has a New Territory been more signally watered with the dew of Heaven."

A cow was killed in Northampton, Mass last week that weighed after being dressed, twelve hundred and seventy five pounds! We learn, also, that Mr. Nathl Eager of Worthington, has killed a cow which weighed 1149, and a two year old steer which weighed 999. Mr. Elijah Curtis of the same town killed a hog which weighed 720.

FROM FRANCE.

By the packet ship Argo, from Havre, we have received our files of Paris papers to April 23. They are not of so late date as advices brought by the Caledonia. In the Chamber of Deputies a project of a law has been proposed for a supplementary grant for the expenses of translating the remains of Napoleon from St. Helena to the Hospital of Invalides. There was a deficiency in the grant of a million of francs, for meeting the expenses already incurred of \$800,000. The cost of the translation of the remains from St. Helena to Paris was 197,632 francs; the preparations for the ceremony in Paris cost 1,352,809 and the expenses of the provisional tomb, the medals, &c, 242,000. The Minister asks for a further grant of 500,000 for a monument to be erected under the dome of the Invalides. It is proposed that it shall be a work of great simplicity, and that an appeal shall be made to the skill of all artists of known talents, for the best model of an appropriate work. It was referred to a commission of nine members. A project of a law was offered and agreed to without opposition, for a credit of 200,000 francs for the celebration of the 11th anniversary of the days of July.

The Minister of the Interior has issued a circular addressed to the Prefects of Departments, giving detailed instructions in relation to the census of the population, which is to be taken on the 1st of January next, in pursuance of the royal ordinance of December 1836. This census is to establish the population of communes, cantons, and departments, for official purposes, for a period of five years.

The road from Valenciennes to Paris was filled with Belgian labourers on their way to the metropolis to engage in the work on the fortifications. They are clad in blue blouses of Flanders cloth and their leather sacks and spades constitute their only baggage.

Boston Daily Advertiser.

FROM BUENOS AYRES.—By the Godofroy, arrived at Philadelphia, we have papers from Buenos Ayres to the 27th of March, some three weeks later than our former advices.

The National Flotilla, of six vessels, of which the largest, a brig of 24 guns, bore the flag of Admiral William Brown, was on the point of leaving on a cruise.—The flotilla of the party of Don Fructuoso Rivera, commanded by Captain Coc, sailed from Montevideo a short time before, and was said to be at Colonia. It consisted of three vessels, and was off Buenos Ayres on the 16th of that month.

The government of Montevideo had purchased and were arming the American schooner William Jenkins. It is mentioned that nine of her crew had deserted and arrived at Buenos Ayres.

On the 25th, all the national and foreign vessels of war in that port displayed the Brazilian flag at the fore, in honor of the recurrence of the anniversary of the acceptance of the Brazilian Constitution.

An officer and 15 soldiers of the army of the government had made a donation to the State of their pay for the month of February, amounting to 336 dollars, in aid, as they said, "of the war against that odious incendiary mulatto Unitarian Fructuoso Rivera." A similar donation of their pay for January had been made before by another corps.

The United States schooner Enterprise, Lieutenant L. W. Goldsborough, commander, was in port.

FOR LIBERIA.—On the 13th inst. the bark Union sailed from New Orleans for Liberia, with 42 emigrants sent out by the American Colonization Society, and several thousand dollars' worth of goods sent out for the purpose of purchasing more territory, and extending the colony. The emigrants were well supplied with utensils for farming, furniture, books, &c. &c. The Union goes in the service of a commercial house in New Orleans, with a large cargo on board for the purpose of trading with the natives.

A distressing accident occurred at Quebec on the 17th inst, being the fall of a part of Cape Diamond. Eight houses were buried, and it is supposed that about thirty persons were in them. Thirteen dead bodies have been taken from the ruins, among whom were recognized Messrs Gannin, Chartier, McKibbin, and the daughter of Mr J. Young. Some persons were taken out alive, and sent to the hospital. It was truly a dreadful accident.

According to a subsequent account the loss of life is ascertained to be greater than was anticipated in the foregoing statement. Twenty-six dead bodies have been extricated from the ruins, 22 persons have been saved, and so far as is known, six individuals are still missing. Seventeen of the deceased persons were buried on Wednesday morning, and a solemn funeral service was performed in the cathedral.

SWINDLER CAUGHT.—The rogue who forged a letter in the name of Capt Nichols of the schr Henry, at Philadelphia, has been detected. The draft on Messrs Benson & Co, which was forwarded, he presented, but they not knowing him, and suspecting that all was not right, refused to pay it unless he could bring forward some person to certify that he was the rightful owner. They therefore detained him, and sent for the consignees of the vessel, who at once said the individual was not Capt Nichols. He then gave his name as John Gair, said he was the mate of the vessel, and I was requested by Capt Nichols to call for the money.—He thus failed of his object, and got committed to prison for his pains.

Boston Transcript.

LATE FROM FLORIDA.

We copy from the Savannah Georgian of the 15th inst. the following letters:—
Florida, May 15th 1841.

Dear Sir—On the 26th ult, about 26 miles from Tampa Bay, the mail rider and horse were killed. A friendly Indian gave the news at Tampa soon after the deed was done. The Commanding General ordered out a command of Dragoons, under Capt. B. Beal, 24 Dragoons who as soon as possible proceeded to the place of the murder, buried the express rider, and pursued on the track made by the murderer. After several hours pursuit, he came upon a camp regularly fixed and comfortably situated, occupied by one Indian, who was leisurely opening the mail and burning the letters. Capt. Beal shot him in his occupation, but saved but one entire letter of the mail. This Indian proved to be Maxy Hajo, of famous memory in those parts. Capt. Beal has been complimented in orders for his long and arduous pursuit after this savage murderer, and for bringing him to condign punishment.—[Cor. Savannah Georgian.

It was reported at Jacksonville, about a fortnight since, that two men had just been killed by Indians in the Okfenoke Swamp. Captain May, with a detachment of dragoons went in pursuit.

Two letters from Fort Pierce thus describe the bearing and conduct of Wild Cat, on a recent visit made by him to that post:

FORT PIERCE, May 1.

Coacoochee, with his Negro Joe and fifteen warriors, paid me a visit on the 29th ult, under a safeguard from the general commanding. He remained all night and slept in my quarters, and I felt much better satisfied than I should to have slept in his. He was accompanied by the elite of his band, no doubt the identical Indians that have committed the horrible murders near St. Augustine during the last year. Two or three of them were as savage and ferocious looking fellows as I have seen in Florida, under complete command, and apparently ready for any deed of blood at the bidding of their chief. Negro Joe is Coacoochee's right hand man, and no doubt exercises great influence, as he possesses considerable shrewdness, and carries in his countenance the marks of a villain.—Their camp, they informed me was two days' march from this post. He speaks to his warriors as one accustomed to be obeyed; graceful in his movements, and his gestures more expressive than his words.

From the Savannah Republican May 22.

LATEST FROM FLORIDA.

MORE MURDERS BY THE INDIANS. By the arrival yesterday of the U. S. steamer Newburn, Capt. McNulty from Palatka, we are in possession of the subjoined letter from an esteemed correspondent.

FLORIDA, 18th May 1841.

Gentlemen: Since writing you last, the horizon has brightened a little in one or two places. Several Indians have come in on the Gulf side at the various posts. On the 7th inst, two hundred and twenty Indians were shipped from Tampa for the West, among them Coosa Tusenoggee. Many others are waiting, and will be sent forward as soon as the requisite transportation can be obtained.—All this news is somewhat cheering and appears to indicate more sincerity on the part of some of the enemy, or I should say more disgust with the war than has of late been attributed to them.

You may remember the place called Sarasota, some forty miles below Tampa where was formerly situated Pacheco's store. This position has been occupied by the 1st Regiment of Infantry. It has just been abandoned on account of the extreme sickness. Fort King is still very sickly as is Micanopy.

The Storm and the Crops.—We have seen letters of the dates of the 8th and 9th of the present month, from several points in Mississippi, which concur in stating that the recent storms of rain and hail, with high wind, have done great damage to the young crops. One letter says—"On the hills, the soil and the cotton are both washed off to a great extent; and on the lowlands the crops are mostly either drowned out or covered with mud. Such a rain I have never before witnessed. It has extended over the whole country, and materially affected the prospects of the planters."

Another writer says—"I have lost 1.4 to 1.3 of my crops." Previous to these storms, the drought had prevented the growth of the cotton plants, and there was a general complaint of "bad stands." In addition to the news from Mississippi, we have been informed by a gentleman resident at Alexandria, that the storm in that section was furious and very destructive—large quantities of hail, driven by the strong wind, occasioned immense injury to the fields of corn and cotton.—N. O. Bulletin, May 12.

NEW-YORK LEGISLATURE.—A bill passed the Assembly on Tuesday last, to construct the Northern Rail Road, from Ogdensburg to Lake Champlain, by a vote of 51 to 44. The bill appropriates \$50,000 in 5 per cent stocks, which are not to be sold under par; and directs the Canal Commissioners to complete the surveys and locate the road. Subsequently, a resolve being passed to suspend the rule, and to send the bills to the Senate which had passed on that day, this bill was accepted by a vote of 55 to 54, which the Evening Journal considers as defeating the bill. The session appears to be drawing to a close.

From the Philadelpha North American.

DREADFUL COLLISION.—The packet ship Susquehanna, as she lies near Walnut street wharf, is a curiosity. She has literally been rescued from the jaws of the great deep. She came in collision with another ship off the Banks of New-Foundland on the 8th inst at 4 o'clock in the morning. The night was not dark, but the sea was running high, and they did not discover each other until the fearful collision. The Susquehanna's bowsprit is taken off clean, and the cutwater torn and wrenched from the ship in a way which shows the encounter must have been tremendous. She was running at the rate of nine knots, and shipping seas constantly at the time. The impression on board the Susquehanna is, that that the blow was so hard and so near the centre of the other ship, that she must have been totally disabled, if not stove in, causing her to sink immediately. After the collision, she slowed round and grated past the Susquehanna with such rapidity that no opportunity was given to discover who she was or the extent of her injuries. The impression on board is, that she was an East Indian, or some ship of the large class, and as the cutwater of the Susquehanna is taken off low down, she was upon the top of sea at the moment of the collision. Consequently the other ship must have suffered the more severely. No cries were heard and in the confusion of the crash, and anxiety for self-preservation, no distinct knowledge of the character of the other ship could be learned. The opinion on board is, that the man at the wheel of the ill-fated ship must have been killed instantly. The whole of the painful encounter is only another evidence of the unavoidable hazards of navigation. Perhaps the ship instantly foundered, and in one "swoop" all on board were ushered into eternity together. If so, her fate will never satisfactorily be known, and the history of those engulfed with her must continue to be involved in doubt and obscurity forever.

Some feeling was expressed in various circles on Saturday, because the Captain of the Susquehanna did not wear about his ship and look after the one he had disabled. On Saturday we made particular inquiries on board, on this point, and were told that the consternation was so great for some time on board his ship, that nothing was thought of but self-preservation. As all supposed the bows of the Susquehanna stove in, it was natural this should have first arrested their attention. The swell was great at the time, and the ship going at the rate of eight knots; and after the bowsprit was gone and the stays of the foremast carried away, it would have been perilous to change their course, unless at the hazard of sweeping every spar from the deck.—The watch was on deck at the time, but the cold spray dashed over the bows, and perhaps this led to remissness on the part of the man on the look-out. At all events, immediately after the concussion, the ship forward was found a perfect wreck, and before their true state was discovered the other craft was out of sight. We believe all nautical men agree, that with her braces forward gone, no ship could wear about in such a sea, without jeopardizing not only the ship but all on board.

The last of the St. Louis murderers who was the leader of the gang has been arrested. A letter received yesterday, dated St. Louis, May 9th, states that he shipped at New Orleans as steward on board the steamboat Eliza for St. Louis.—On the passage up, the captain of the boat learned that this fellow was one of the murderers, but kept quiet. On his arrival at St. Louis, about 12 o'clock on the night of the 8th, the fellow was in his berth asleep. He set a guard over him and went for an officer, who went on board, arrested him and committed him to jail. The letter adds that it was well the boat arrived in the night, for had it been in the day-time, so great was the exasperation against the murderer, that he would have been seized by the populace and burnt.

Sad Accident.—A sad mistake took place on Sunday night last, at the house of Mr. McCormick, about eight miles from Jacksonville. This residence has been attacked more than once by Indians, and near night a man was observed in the field, approaching with great caution. Mrs. McC. and her two sons only being at home, concluded it was an Indian, and the boys took their guns, and awaited his near approach. He had something in his hand which seemed a gun, and as it appeared that he was about using it, the boys fired, and the object fell. On approaching the spot it was found to be a poor deaf and dumb man named Gordon, who was thus accidentally killed. His appearance there created an alarm that it was the enemy, and under the circumstances of the case the jury returned a verdict for justifiable homicide.—St. Augustine News.

Rare.—A Mr. Simmons, who had been appointed Commissary of the Second Municipality of New Orleans, declined the appointment, for the reason that the person whom he was appointed to supersede had a family, and depended solely on the emoluments of the office for their support. His declination was accepted, and the former incumbent reappointed.—This is a rare instance of magnanimity in an office holder.

A man in New Orleans has recently recovered \$2000 from the owners of the steamboat Gen. Brown, the value of some horses lost by the explosion of that boat at Helena, in the year 1838.

GREAT BANK ROBBERY.—The Frederick County Bank, at Frederick, Md. has been robbed of upwards of one hundred and eighty-five thousand dollars. in specie, notes and other valuables. A reward of ten thousand dollars is offered for the recovery of the money and the detection of the robber.

By Yesterday's mail, we received the following additional particulars of this Robbery:—

THE GREAT BANK ROBBERY.—The capital of the Frederick County Bank, which was so badly robbed the other night, was \$175,000. The amount stolen was \$185,976 54, or upwards of \$10,000 more than the capital. There was a large amount of silver in the Bank, which was untouched, being doubtless considered too bulky and cumbersome to answer the purpose of the thieves.

The entrance to the bank and vaults (says the Baltimore Patriot) was effected by false keys, and the proceedings of the robbers seem to have been conducted in the most confident and deliberate manner. There was no watch to the Bank, and no other means of security adopted, but what was afforded by locks. It is said that the key of one of the doors of the Bank was found yesterday in a creek about a hundred yards from the building, and a dark lantern was found upon a bridge in the vicinity.

MELANCHOLY SHIPWRECK—ONE HUNDRED AND FORTY-EIGHT LIVES LOST.

We take the following account of a dreadful casualty from the *Quebec Mercury* of Saturday last:—

It again becomes our duty to record a calamity involving destruction of human life to an awful extent. Four of the crew and four of the passengers of the brig *Minstrel*, Captain Outerbridge, arrived here yesterday, bringing the disastrous intelligence of which the following is, we believe an accurate summary:

The *Minstrel* left Limerick, Ireland, on the 21st April last, for Quebec, with one hundred and forty-one passengers, emigrants intending to settle in Canada. The vessel had a tolerable passage up to Tuesday last, when she ran on Red Island Reef. There was a heavy sea running at the time but the boats were launched and made fast to the fore chains. Upwards of one hundred passengers embarked in the boats, but their doom was quickly sealed; the vessel "heeled off" into the deep water and went down stern foremost, so suddenly that the "painters" of the boats could not be cast off, and the people who had embarked in the boats perished with their equally unfortunate companions on board the ship, except four of the crew and four passengers, who alone of upwards of 150 souls remained to tell the sad tale. These eight persons embarked in the gig, which was towing astern, and fortunately for them the rope which attached it to the vessel broke when she went down. They succeeded in pulling to White Island, where they remained until the following day when they were taken off by the ship *Wellington* of Belfast, Capt. McIntyre, and brought to Grosse Isle.

Captain Outerbridge, of the unfortunate *Minstrel*, behaved most gallantly during the awful scene, until he perished with the rest. He declared that he would not leave the vessel until his passengers were saved, and he was the last person seen by those who were in the gig.

CLIMATES.—On this subject the New York American of Friday last says:

While we here and hereabout, residents of a country in the latitude of 40° N. have been suffering with cold and rain, the inhabitants of England and even in Paris, and its vicinity, in latitudes some 10 or 12 degrees farther North, have been melted with premature and unwonted heat.

Letters from Paris of the end of April, complain of the excessively hot weather. London, on the 2d May, was visited with one or two violent squalls, like thunder gusts—the thermometer standing at 86°!

In Hampshire, like gusts, with large hail, and even pieces of ice, fell, after days of oppressive weather.

Summer had burst at once upon the country, after a series of long cold weather. We have had our share of cold, and now hope for summer—Spring having, according to our sweet poetess of some evenings ago, strayed away.

It is said that the Philadelphia Marine Insurance Office have lost since the 1st of April last, near \$100,000, of which near \$50,000 was by the brig *Swan*, foundered at sea, on her passage to Gibraltar, and upwards of \$40,000 by the brig *Corinthian*, lost on the Bahama Banks on her way to New Orleans.

Non-conductors of newspapers, who talk so wisely about the manner in which they ought to be conducted, might possibly find it to their advantage to treasure up in their memory the words following:—"No one understands how a newspaper should be conducted so well as some modest individuals who never managed a paper in all their lives. They understand a little about it."

The editor of the Hartford Patriot says that he was given the other day a pair of new boots, which were so tight that they came near making him a Universalist, because he received his punishment as he went along.

STEAM-SHIP PRESIDENT.

From a statement, believed to be substantially correct, furnished in New York by Mr. Hale of the newsroom, we learn that the number of persons on board the *President* was 136; viz passengers 27, officers and attendants 8; engineer's department 31; ship's company 33; cook's department 17; steward's department 16. The *President* had four boats, in as good order as ordinary ship boats, capable, in good weather, of carrying 80 persons.—None of them were life-boats.

Dead Herring.—Vast quantities of Herring have died in our creeks within the last few days, and the shores are strewn with them. Other fish too, as the red-fin and perch have also died which must be owing to the innumerable numbers that have swarmed our streams.—We have never known so many fish to visit us as during the present season, and they must have produced some disease in the water which resulted in the death of thousands.—*Elizabeth City (N. C.) Advocate.*

We learn from the Columbia Patriot that William Gallagher, who killed M'Kenney a few days ago at that place, was tried at the late Court and found guilty of murder in the second degree. The Jury assessed punishment at ninety-nine years; but Judge Leland thought proper to reduce the term by taking off fifteen years, reducing the punishment to eighty-four years.—*Philad. Sentinel.*

BRIGHTON MARKET, Monday, May 24

Reported for the Boston Daily Advertiser At Market, 285 Beef Cattle, 10 pair of Working Oxen, 25 Cows and Calves, 210 Sheep, and 200 Swine—90 Beef Cattle remain unsold.

PRICES.—Beef Cattle.—Prices have again declined, and we quote to correspond; viz. first quality \$7 a \$7 25; second quality \$6 50 a \$6 75, third quality \$5 50 a \$6 25.

Working Oxen.—Sales \$75, \$85 and \$105.

Cows and Calves.—Sales \$22, 25, 28, 33, \$37 & \$40.

Sheep.—Sales of a lot sheared \$3 and \$4; a lot not sheared \$3 and \$5.

Swine.—A lot to peddle at 54 for Sows, and 6 1/2 for Barrows; and a lot 54 and 6 1/4.—At retail, from 6 to 7 1/4c.

From the Boston Courier, Monday, May 24.

WOOL.—Sales of pulled and fleece have been made to considerable extent, during the week at some reduction in prices. As shearing time is so near at hand, holders are more anxious to reduce their stocks, and we have altered our quotations to correspond with the usual sale. Woollen goods continue to be very low; a large public sale took place a few days since at prices below the cost of manufacture. There is a fair supply of most descriptions of Wool now in market.

PRICES OF WOOL.—Prime or Saxony fleece 48 a 50 cents per lb.; American fullblood washed, 48 a 47; do. 3/4 do. 42 a 44; do. 1/2 do. 38 a 40; 1/4 do. common, 35 a 37; superior Northern pulled lambs 42 a 45, No. 1 do. 37 a 42; No. 2, do. 25 a 32, No. 3, do. 18 a 20.

MARRIED.

At Brownville, N. Y., on the 19th inst. Lieut. L. Smith, of the U. S. Army, to Miss Catharine S. daughter of the late Major Gen. Jacob Brown.

DIED.

On Tuesday morning last, Mrs. Amey Shearman, widow of Mr. John R. Shearman, aged 57 years.

At Middletown on Wednesday morning, Mrs. Elizabeth Tiggart, widow of Deacon Wm. Taggart, aged 76 years—she was a worthy member of the 2d Baptist Church in this Town.

At New-York on Tuesday last, Mrs. Gertrude, wife of the Hon. James K. Paulding, late Secretary of the Navy.

Sloop Yankee, from Fall River, and Hope, Pitman, from Bristol, both for New-York.

Passed up this morning, a full rigged brig, at noon a Ship and a Frigate.—(Ship Metacom, & Capt. Crawford, and Gov. Hopkins),—all from Whaling voyages.

ENTERED.

May 25.—Sch'r Franklin Greene, Smith, [Havana] Mobile ditto

" " " Time, Hart, " 26.—" Cygnus, Carr, [Havana] ditto

CLEARED.

May 28.—French ship Anselme, Guendal, [Bordeaux]

MARINE MEMORANDA.

Ship Kutusoff, Taylor, 13 days from New-Orleans, arrived at New-York on Tuesday.

At Havana 7th inst. Ship Wm. Engs. Co., waiting freight, brig Prince de Joinville, Gardner, for Savannah on 5 days.

Brig Canonicus, Bigley, 3 days from this port for Havana, was spoken 18th inst. lat. 37, long. 72.

At St. Pierre's 6th inst. Brig Caspian, Swasey, for New-Orleans, soon.

FOR NEW-YORK, THE Steam-Boat Massachusetts, Capt. Joseph J. Comstock, will leave the Long-wharf, Newport, on Monday Afternoon Next, May 31st, at Two o'clock, for New York.

Newport, May 29

New-Jersey Steam Navigation Company.

FOR NEW-YORK, Fare Reduced. DAILY LINE.

THE Steam-Boat MASSACHUSETTS Capt. Comstock, leaves Stonington on Mondays, Wednesdays and Fridays, and the *NARRAGANSETT*, Capt. Woolsey, on Tuesdays, Thursdays and Saturdays. Passengers will leave Newport at 3 o'clock P. M. in the steamer *Balloon*.—Fare from Newport to New-York, \$3.

May 29, 1841.

FOR SALE, or TO LET, And Possession given immediately,

THE splendid Mansion lately occupied by Borden Wood, Esq.—It is beautifully situated on the rising ground, about 1 3/4 miles north of the State House in Newport, facing on the main road, and commands a very extensive view of the harbor and bay. The main building is 40 by 37 feet, and contains 8 rooms, including drawing rooms, and attached in the rear, is an addition containing the kitchen and washroom below, and servants' lodging rooms above—with a good cellar the whole size of the house. There is also a good coach house, and other out buildings, an excellent well of water, and brick cistern, both connected with the house by lead pipes. The lot consists of 2 3/4 acres of good land, handsomely laid out, and having on it a great number of ornamental trees. The house is but two years old, and was built and finished with first rate materials, and in modern style.

This establishment is admirably calculated for a gentleman's residence, and if immediate application is made, it will be sold at a great bargain—much below the first cost—or a tenant will be received at a moderate rent.—For further particulars apply to

CHARLES DEVENS, or WM. WEEDEN.

Newport, May 29.

BOARDERS WANTED.

ONE or Two FAMILIES, or a few Private Boarders, can be handsomely accommodated in one of the pleasantest situations at the South part of the Town, on application to the subscriber.

BENJAMIN FAIRBANKS.

Newport, May 29

Valuable real Estate, for sale

FOR SALE, a valuable Lot of LAND situated on the East side of Bellevue street, containing between 7 and 8 Acres. It being in the vicinity of the contemplated improvements in the South part of the Town, renders it a desirable situation, and can be laid out into several convenient house lots.—Also, A Dwelling-House with a Lot of Land, in Spring-street, at the head of Brewer-street, late the property of John R. Shearman, deceased.—If the above Estates are not disposed of before the 1st of August next, they will then be sold at Public Auction.—For terms, apply to

STEPHEN T. NORTHAM.

Newport, May 29.

JOHN COZZENS, Adm'r.

Newport, April 17, 1841.

POETRY.

From the Lady's Book, for May.
Sheep on the Cheviott Hills.

BY MRS. L. H. SIGOURNEY.

Grass on—grass on—there comes no sound
Of border warfare near,
No slogan cry of gathering clan,
No battle axe or spear;
No belted knight, in armour bright,
With glance of kindling ire,
Doth change the sport of Cheviot chase,
To conflict stern and dire.

Ye know not, that ye press the spot
Where Percy held his way,
Across the marches in his pride,
The "chieftain's" to slay;
And where the stout Earl Douglas rode,
Upon his milk-white steed,
With fifteen hundred Scottish spears
To slay the invader's deed.

Grass on—grass on—there's many a rill,
Wild wandering through the glade,
Where you may freely take your thirst,
With none to make afraid;
There's many a murmuring stream that flows
From Cheviot's terraced side,
Yet not one drop of warrior's gore
Distains its crystal tide.

For Scotland from her hills hath come,
And England o'er the Tweed,
To give the mountain winds the feud
That made their nobles bleed;
And like two friends, around whose hearts
Some brief estrangement ran,
Love all the flower for the past,
And sit them down as one.

We shall meet no more.

SMILE not, 'tis our parting hour,
When tears alone should flow,
Hope has lost her fairy power,
And what is left is woe.
But oh! when I am wandering
Upon some distant shore,
Forget each love thought lingering,
For we shall meet no more.

Thy name as in some sacred shrine,
Within my breast shall dwell;
With life alone I can resign
My love to thee—farewell!
I left her, and the briny waves
For years I travelled o'er—
I came to sorrow o'er her grave—
For oh! we met no more!

FLOWERS.

Yea, voiceless lips, oh flowers, are living
prophets,
Every cupa pulpit, every leaf a book,
Suggesting to our fancy numerous teachers
From loneliest nook.

*Neith' clustered boughs each floral bell th' swinging,
And tolls its perfume on the passing air,
Makes Sabbath in the fields, and ever singeth
A call to prayer.

Not to the domes where crumbling arch and column
Attest the feebleness of mortal hand,
But to that fane most catholic and solemn
Which God hath planned.

To that cathedral, boundless as our wonder,
Those quenchless lamps the sun and moon supply,
Its choir the winds & waves, its organ thunder
Is dome the sky.

There amid solitude and shade I wander
Through the green aisle, and stretched upon
The sod,
Awe'd by the silence, reverently ponder
The ways of God.

AGRICULTURAL.

ON GATHERING ASPARAGUS.—A correspondent of the Magazine of Horticulture says—

In all the books of gardening which I have seen, the direction for gathering asparagus has always been to cut it several inches below the surface of the ground, as soon as the stalk has advanced a few inches above it. The asparagus generally brought to market is cut in this way, the upper half being green and tender when cooked, the lower half white, tough, and uneatable. The experience of many years has taught me that it is far better to let the asparagus grow to the height of ten inches, or a foot, and then to gather it by breaking with the fingers, as low down as it is tender and breaks easily, which, when the weather has been warm, is generally from six to ten inches. Asparagus, thus gathered, will be found to be much finer, the whole being tender and eatable, the produce much greater, and the process attended with no disadvantage whatever. Asparagus even two feet high, will be found fit to gather in this manner, if at any time it has outgrown the consumption, or escaped attention, which indeed was the occasion on which this new method of gathering occurred to me. I have since always practised it. Let those who are fond of asparagus give it but one trial, and they will never resort to the old system.

Administrator's Notice.

THE Subscriber, appointed Administrator on the Estate of THOMAS WEAVER, late of Newport, dec. requests all persons having demands against said Estate, to present them to him for settlement, and all persons indebted to the Estate are hereby called upon to make payment. Persons having demands against the late firm of Thomas & Joseph Weaver, are requested to present them to the surviving partner for settlement, and all those indebted to the late firm, are requested to make payment to him without delay, it being necessary the business of the late firm should be settled.
CHARLES GYLES, Adm'r.
Newport, March 10, 1841.

WARREN ACADEMY

A. B. L. MYERS, A. M. Principal.

THE Principal of this Institution, has recently made arrangements to receive into his own family, a limited number of Boys, where they will be carefully instructed in all the branches of classical or English education. The number of borders is limited to ten. It is confidently believed, that no school in the State can hold out greater inducements to either parent or scholar, than the Warren Academy, under its present arrangements.—The boarders are constantly under the care of the Principal, or some other competent person, who will as far as practical, superintend the exercises of the pupils, and arrange their sports.

Price of Board, \$2 per week, or board and washing, \$2 25.—Tuition per Quarter from \$4 to \$6.—Or Scholars will be received into the family, and all expenses included, at \$150 per year; or \$75 per term of 23 weeks each.

HEALTH AND STRENGTH

Dr. S. O. RICHARDSON'S

Sherry Wine Bitters,

ARE the only sure remedy for Dyspepsia and Jaundice that has ever been discovered—and their general use for 22 years, with recommendations from the most eminent of the Medical Faculty, and editorial notices from the Boston Morning Post, Daily Mail, Plymouth Memorial, Barnstable Patriot, Essex Banner, Lowell Patriot, Bunker Hill Aurora, Portsmouth Gazette, Dover Gazette, Northern Star, Lincoln Telegraph, N. Y. Evening Signal, &c. must assure the afflicted that they possess wonderful merit.

They give Life, elasticity and vigor, to the viscera, promote the peristaltic action, cleanse the stomach and bowels from unhealthy accumulations, and purify and enliven the blood in the most thorough and effectual manner.

They are the most certain remedy for all those prevalent Diseases called Dyspepsia, Jaundice, Liver Complaints, Heartburn, Dizziness, Headache, Wandering or settled pains, Sinking faintness, Sour stomach, loss of appetite, Weakness of the limbs, Nervous debility, Constipation, piles, and all diseases caused by an unhealthy state of the stomach & bowels.

They are the unrivaled and efficacious compound of a regular physician, and graduate of the New Hampshire Medical College, who has made the study of Medicine his profession.

Being composed entirely of vegetables, they are of such a nature that they may be taken for any length of time by infants of any age, without injuring the system or exposing it to danger.

Orders from Agents, merchants, traders, apothecaries and dealers in medicines, will be punctually attended to, and sent to any part of the country, safely packed in boxes.

A liberal discount will be allowed on the sale for sale, wholesale and retail, at the Doctor's Office, 15 Hanover street, Boston, and in most Towns in the New England States.

PRICE 75 CENTS per Bottle—50 Cents per pair. 1/2

For sale in Newport, by R. J. Taylor, John Easton, S. Sterne, G. Knowlton, and J. J. Allan—and by J. Headley, in Portsmouth.
Newport, May 1.

DR. JAYNE'S EXPECTORANT.

WE consider it a duty to call public attention to this admirable preparation for PULMONARY DISORDERS—especially Coughs, Colds, Consumption, Spitting Blood, Asthma, Bronchitis, Hoarseness, Whooping Cough, &c. It is used and very highly approved by persons of the first respectability, but we feel confident in saying that trial of its efficacy will be its best recommendation.

DR. JONATHAN GOING, President of the Granville College, Ohio, (late of New York), in a letter to Dr. Jayne, dated New York, December, 1836, says: "He was laboring under a severe cold, cough and hoarseness, and that the difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation."

It was perfectly cured by using this Expectorant.—Mrs. Delke, Salem N. J.—"Mrs. Ward, also of Salem, was cured the same complaint by one bottle.—A young lady, also of Salem, who was believed by her friends to be far gone with Consumption was perfectly restored to health by using a bottle of this medicine and permanent relief.

Mr. Nicholas, Son of one of the Deacons of the First Baptist Church in this city, had been perfectly cured by it—after having suffered for six years with Cough, Asthma and Spitting of Blood, which no remedies for could relieve.

Dr. Jayne's Office is No. 20 South Third Street, Philadelphia where all orders will be promptly attended to.

WORMS, WORMS.

To remove these troublesome and dangerous inhabitants of the Stomach and bowels which so often impair the health and destroy the lives of children, use Dr. JAYNE'S TONIC VERMIFUGE, a certain and safe preparation for the removal of Worms, Dyspepsia, sour stomach, want of Appetite, Infantile Fever and Ague, and debility of the Stomach and bowels and organs of digestion. To be had at No. 20, South Third-street, Philadelphia.

THE ABOVE MEDICINE is for Sale by Mrs. ANN M. EDDY, the Agent for Newport, Rhode-Island.

Newport, February 6, 1841.

PURE EXTRACT OF SPANISH SASSAPARILLA—Wm. BROWN, chemist, 481 Washington street Boston has prepared a liquid extract of Sarsaparilla by a steam process without boiling the root. It is an entire new preparation of Sarsaparilla never before prepared in this or any other country. It has been in constant use for the past six months by some of the first physicians in Boston, and all those who wish to go through a regular course of Sarsaparilla treatment can be referred to them. The preparation contains no other article than the pure Spanish Sarsaparilla, and one great improvement over all other preparations of Sarsaparilla is not reduced by adding sugar to form a syrup. This article is well adapted to the practice of physicians, as they can learn by calling on the proprietor, the quantity of Sarsaparilla contained in each bottle.—The quantity required is small compared with the Syrup. It is the cheapest preparation of Sarsaparilla now in use, considering its strength. Price 62 1/2 cts per bottle. Dealers & families can be supplied with this valuable article as above. It will be found at retail by most of the druggists throughout the U. States.

A copyright is secured for the directions and each direction signed Wm. Brown on the outside.

The above article is a sure remedy for all complaints occasioned by an impure state of the blood, diseases of the skin, scrofula, rheumatism, salt rheum, erysipelas, and to remove the effect of calomel.

Just received a supply, and for sale in Newport by R. J. Taylor, J. Balch Providence.—Thornton & Son New Bedford.
Newport March 27, 1841.

MOFFAT'S LIFE PILLS.

And PHENIX BITTERS.

MOFFAT'S VEGETABLE LIFE

MEDICINES.—These Medicines are indebted for their name to their manifold and sensible action in purifying the springs and channels of life, and enduring them with renewed tone and vigor. In many hundred certified cases which have been made public, and almost every species of disease to which the human frame is liable, the happy effects of MOFFAT'S LIFE PILLS AND PHENIX BITTERS have been gratefully and publicly acknowledged by the persons benefited, and who were previously unacquainted with the beautiful philosophical principles upon which they are compounded, and upon which they consequently act.

The LIFE MEDICINES recommend themselves in diseases of every term and description. Their first operation is to loosen from the coats of the stomach and bowels, the various impurities and crudities constantly settling around them, and to remove the hardened forces which collect in the convolutions of the small intestine.

Other medicines only partially cleanse these and leave such collected masses behind as to produce habitual constiveness, with all its train of evils, or sudden diarrhoea, with its imminent dangers. This fact is well known to all regular anatomists, who examine the human bowels after death; and hence the prejudices of those well informed men against quack medicines, or medicines prepared and heralded to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidney and the bladder, and by this means the liver and lungs, the healthful action of which entirely depends upon the regularity of the ordinary organs. The blood which takes its red color from the agency of the liver and the lungs before it passes into the heart, being thus purified by them through the veins, renews every part of the systems and triumphantly mounts the banner of health in the blooming cheek.

Moffat's Life Medicines, have been the most highly tested and pronounced sovereign remedy for Dyspepsia, Flatulency, Palpitation of the heart, Loss of appetite, Heart burn and Head ache, Restlessness, ill temper, Anxiety, Langour and Melancholy Constiveness, Diarrhoea, Cholera, Fever, &c. kinds, Rheumatism, Gout, Dropsies, &c. kinds, Sores, scorbutic eruptions and bad Complexions, eruptive Complaints, sal low, cloudy and other disagreeable complexion, salt rheum, erysipelas, common colds and influenza, and various other complaints which afflict the human frame. In FEVER and AGUE, particularly the Life Medicines have been most eminently successful, so much so that in the Fever and Ague districts, Physicians almost universally prescribe them.

All that Mr. Moffat requires of his patients, is to be particular in taking the Life Medicines strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the result of a fair trial.

MOFFAT'S MEDICAL MANUAL.—This little pamphlet, edited by W. B. Moffat 375, Broadway, New-York, has been published for the purpose of explaining more fully Mr. Moffat's theory of diseases, and will be found highly interesting to persons seeking health. It treats upon prevailing diseases, and the causes thereof. Price 75 cents—for sale by Mr. Moffat's agents general.

These Valuable Medicines are for sale
R. J. TAYLOR'S
Medicine Store No. 148, Thames-street
Newport, (R. I.)

Where the Pills can be obtained for 25 cents, 50 cents, or \$1 per box; and the Bitters for \$1 or \$2 per bottle.—Numerous Certificates of the wonderful efficacy of both may be there inspected.
Newport, May 16, 1840.

THE HAIR! THE HAIR!

NO better evidence is wanting to show the superiority of the Genuine Buffalo Oil, over all preparations, than a number of Druggists are endeavoring to imitate and fatter their miserable imitations on the public, for genuine. Read advertisement. Beware of pedlars.

Genuine Buffalo Oil is fast taking the place of all other articles to promote the growth, soften and beautify the Hair; its use gives it a softness that no other article does, and causes it to curl beautifully—by free use it will darken and give the hair a rich gloss. It is highly perfumed and gives perfect satisfaction to all that have given it a trial. You will observe the signature of the proprietor, "William Brown," also, "Buffalo Oil," imprinted on the bottle. In consequence of a counterfeit which has recently appeared and is now for sale, I have been persuaded to obtain a new label engraved on copper, for which I have secured a copyright, entered according to act of Congress in 1839, in the clerk's office in the District Court of Massachusetts. Any infringement will be dealt with according to law.

None genuine, unless signed in my own hand writing. For sale in Newport by R. J. TAYLOR and Dr. R. R. HAZARD
August, 22

NOTICE.

THE Subscriber now offers to contract to build Bridges over any span, entire of the water, and independent of tides, at rates per foot, running measure, as follows:—For a single truss and six foot section, 6 dollars; for a double truss and six foot section, \$9; for a triple truss and six foot section, \$12; and so on, adding \$3 to every section of eight; reckoning 12 feet for the width of the bridge; and if double in width, for right and left carriage ways, then the price will be double; and all measuring must be reckoned from centre of the sereas. In all cases, the bridge will be left in the form of a rainbow from shore to shore, of easy crown, unless ordered otherwise for cars to pass.

H. B.—Able security will be given for the accomplishment of all work, and all communications must be addressed post paid, to
ALBERT COIT, Esq.
Providence, March 6, 1841.

COUGHS, COLDS.

AND ALL DISEASES of the LUNGS

THE VEGETABLE PULMONARY BALSAM is believed to be the most powerful and the most popular Medicine ever known in America, for coughs, colds, asthma or phthisis consumption, whooping cough, and pulmonary affections of every kind.

The Vegetable Pulmonary Balsam has been very extensively used for about 12 years; and its reputation has been constantly increasing. So universally popular has this article become that it may now be considered as a standard article in a large part of the United States, and British Provinces. Many families keep it constantly by them, considering it the most safe as well as certain remedy for the above complaints. The Proprietors have received, and are receiving numerous recommendations from many of our best Physicians, who make use of it in their practice. The names for a few individuals who have given their testimony in favor of this article, are here subjoined, and for a more full account see the envelope to the bottle.

Argyle, Nova Scot
In the winter of 1837 and '38, I was seized with a violent cough, which continued two or three months. My cough was so severe that I was obliged to sit up in bed two or three hours during the night, and I was much reduced in flesh and strength, and my appetite gone. One of my neighbors had a bottle of the Vegetable Pulmonary Balsam, which he would not sell. He however loaned it to me till I could procure him another. I experienced immediate relief from it. The first opportunity I had, I procured more of it, and to the use of it I ascribe the preservation of my life. Dec. 17, 1838. JAMES W. LENOX.

Counterfeits, Beware of Imposition!
Each genuine bottle is enclosed in a blue wrapper, on which is a label, signed by Sampson Reed. None other can be genuine. The outside Yellow Label will only be on and after December 1839, in addition to that of Sampson Reed, the signature one. JOHN CUTLER, or his partners.

ONE MORE COUNTERFEIT, besides the "American Pulmonary Balsam" and other "false alitudes"—An attempt has been made to deceive the public by a notorious mixture called "Vegetable Pulmonary Balsam," some times signed Samuel Lee—and to be prepared by an unprincipled man in Bangor, Me. The name is written in a way to resemble the genuine signature, and is a most foul attempt to deceive the public, and avoid the punishment that awaits actual forgery.

For sale by REED, WING & CUTLER (late Lowe & Reed) wholesale dealers in Drugs, Medicines, Sarsaparilla and Dye stuffs, No. 54 Chatham street, Boston, and by Druggists and country merchants generally in New-England, and in the principal places throughout the United States and British Provinces.—Price 50 cents. Aug 25—ly.

Dr. Amory Hunting, Dr. Samuel Morrill, " Truman Abell, " Timothy B. Jo, " Thomas Brown, " Jerry Kileoria, " William Perry, " Albert Gould.

CASE.—Extract of a letter from Mr. C. Clay, Kingston, Ulster county, N. Y. to the Proprietors.

Years of the 9th inst. was duly received.—A remarkable cure was effected by the Vegetable Pulmonary Balsam, in the Winter and Spring of 1839. The person, Mr. Moody, had been sick a long time with the consumption. His physician had given him up. He was reduced so low as to be unable to help himself, and was laying a large quantity of blood, when he commenced using the Balsam, which effected a complete cure, and he is now as hale and hearty as ever he was. Mr. Moody has removed from this town but he has promised me a more detailed account of his case, which I will forward you.

C. S. CLAY, Kingston, N. Y. June 25, 1838.

The great celebrity of the Vegetable Pulmonary Balsam has been the cause of attempts, to introduce spurious articles which by partially assuming the name of the genuine, are calculated to mislead and deceive the public. Among these mixtures are the "American Pulmonary Balsam," "Vegetable Pulmonary Balsam Syrup," "Pulmonary Balsam," "Carter's Compound Pulmonary Balsam," and others. Purchasers should enquire for the true article by its whole name—The Vegetable Pulmonary Balsam, and see that it has the marks and signature of the genuine. Each bottle and seal is stamped "Vegetable Pulmonary Balsam."

The above Balsam, is for sale in Newport, by R. J. TAYLOR, Agent
Newport, August 22

COMMISSIONER'S NOTICE.

WE the Subscribers having been by the Court of Probate for the town of Newport, appointed Commissioners to receive and examine the claims of the creditors against the Estate of

JOHN R. SHEARMAN, late of Newport, deceased, request all solvent hereby giving notice, that six months from the date hereof, being allowed by said Court to the Creditors to bring in and prove their claims, we hereby give notice that we will attend on said business, at our respective dwellings, and the Commissioners will meet at the Office of B. B. Howland, on the 24th Saturday, June, July and August, at 2 o'clock, a.m. or for the purpose of examining said claims.

ISAAC BERDICK, JOHN N. BARLOW, } Commissioners
B. B. HOWLAND, }
All Persons indebted to said Estate are requested to make immediate payment to
SEABURY F. NORTON, Adm'r
Newport, Feb. 3, 1841.

INDIAN BALM OF LIVES WORTH.

COUGH is always Dangerous. It is changeable and severe climate. It is important to attend to COLDS, with which we are all more or less afflicted. If neglected too long, it is difficult to remove them, sometimes impossible, and confirmed consumption is the result. In all Lung complaints, M. Gardner's Indian Balm of Lives is justly esteemed of infinite value. It has been used for eight or ten years with unparalleled success, and many individuals named, who, but for its healing virtue, and renovating powers, would not be present to testify to its efficacy.

The above is for Sale in Newport by R. J. TAYLOR, Thames-st.

March 30.
